

## Export Academy: Exporting your Food & Drink products to Australia and New Zealand (Webinar)

**In 2020 New Zealand imported over £59m worth of UK Food & Drink products, whilst Australia became the 11th most important export destination for the UK in terms of value with Food & Drink imports of £424m.**

With the recent announcement of the UK - Australia Free Trade Agreement (FTA) and UK negotiations with New Zealand progressing towards a deal, the demand for British Food & Drink products is predicted to continue to grow, offering a wealth of opportunities to UK businesses who wish to capitalise on them.

The Department for International Trade (DIT), in collaboration with online marketplace England's Finest, are delighted to bring you a webinar focussed on exporting Food & Drink products to Australia and New Zealand.
