

EXHIBIT AT THE WORLD'S LARGEST HEALTHCARE & LIFE SCIENCES EVENT

Medilink UK are continuing to expand their presence at Medica 2021 with a larger UK pavilion and cost-effective exhibiting options. The increase in space and presence is a result of the growing popularity with exhibitors, participation from the Department for International Trade and the speed at which the event regularly sells out.

Medica is the World's largest healthcare & life sciences event. It has been running for over 40 years, occupying 17 exhibition halls and over 114,000sqm of exhibition space.

It regularly attracts **several thousand exhibitors** from 60 countries (including a huge participation from UK companies) and is now firmly established on every expert's calendar and underpins a lot of companies' annual marketing plans.

Each year leading individuals from business, research, healthcare and government visit the exhibition alongside tens of thousands of **national and international experts and decision-makers**.

Medica 2021 will also present a new opportunity for exhibitors after the physical show has ended, allowing networking to continue for 365 days, 24 hours a day via the internet portal.

"We have been exhibiting at Medica for almost 25 years and continue to do so. We have been extremely pleased with the invaluable support from the Medilink team, the location and the design of the UK pavilion."
